

Senior Cycle Design and Communication Graphics	Development Group Meeting 10 06 October 2025 Short Description
Agenda Item	Notes
Welcome by the Chair, minutes of the last meetings	The minutes of the last meeting were discussed and adopted.
Updates	<p>Members were informed that all Tranche 4 subjects, including LC Technology, held their induction day on September 29th.</p> <p>Consultation on the draft LC Computer Science specification will commence shortly.</p>
Key Competencies	Members worked in groups to discuss and refine examples of how the key competencies could be developed through the study of DCG.
Reasonable Accommodations	Members discussed and agreed upon the text for this section of the specification.
Subject Name	Members discussed many alternative names for the subject but could not reach consensus on a new subject name. The consultation process may offer further feedback on the subject name.
Review of the draft specification	Members had an opportunity to review the draft specification in full. Each section was considered, and amendments were made to enhance the draft specification.
Next steps and next meeting	<p>The chair reflected on the work done and thanked the members for their attendance and contributions.</p> <p>Next Meeting: 29 January 2026</p>
