Senior Cycle Design and Communication Graphics	Development Group Meeting 8 13 May 2025 Short Description
Agenda Item	**Notes**
Welcome by the Chair, minutes of the last meetings	The minutes of the last meeting were discussed and adopted.
Updates	Members were informed that the consultation report on the Background Paper for DCG was noted by council and will be published soon.
Further development of the Strands structure	Members continued discussing the Strands structure, provisionally agreeing on three strands and the possible use of integrated themes. Strand titles will be defined as learning outcomes are further developed.
Parametric modelling requirements	The group discussed the parametric modelling requirements for the redeveloped subject, considering factors such as accessibility, usability, functionality, licensing, CAD software options, assessment, training, and procurement.
Teaching for student learning	Members discussed pedagogical approaches to support student learning. A key focus was the importance of using an integrated teaching and learning approach in the subject.
Next steps and next meeting	The chair reflected on the work done and thanked the members for their attendance and contributions. **Next Meeting:** 08 September 2025
