

Mathematics	Development Group Meeting #15 7th January 2026	
	Short Description	
Agenda Item	Notes	
Governance	No conflicts of interest declared.	
Review Strand 4	Key discussion was focused on the breadth and depth of the treatment of inverse functions and integral calculus at ordinary level and higher level. The wording of the learning outcomes in this strand were agreed and recorded for further review. Pauline Mellon resigned from the group.	
Review Strand 1 and LOs for the AAC	Learning outcomes for several sections in this strand were discussed and agreed upon. Key points of discussion were centred around the breadth and depth of algebra and which learning outcomes should be considered for the AAC. Discussions on this will be continued at the next meeting.	
Next steps	<p>The Chair thanked members for their attendance and active engagement in the meeting.</p> <p>Next Meeting: Tuesday 3rd February</p>
